Letter of Recommendation

To Whom It May Concern,

It is with genuine pleasure and confidence that I recommend **Farzana Fathima K S**, who served as a **Web Development Intern** at Zidio Development from **Jun 25, 2026** to **Sep 25, 2026**. As Farzana's mentor and direct supervisor throughout the program, I had the opportunity to observe their work closely, and I recommend them without reservation.

From the outset, Farzana demonstrated strong proficiency in **Web Development** and a clear grasp of the concepts, tools, and practices central to the role. Farzana approached each assignment methodically—breaking complex problems into manageable parts, paying close attention to detail and quality, and consistently delivering work of a high standard ahead of schedule.

What set Farzana apart was the ownership they brought to their work. Rather than waiting to be directed, they took initiative—identifying gaps, proposing improvements, and seeing every task through to completion. On their final project, Farzana independently identified and resolved a key challenge, demonstrating both depth of skill and a genuine sense of responsibility for the outcome.

Equally impressive was Farzana's professionalism and collaborative spirit. They communicated clearly and proactively, welcomed constructive feedback, and supported their teammates generously. These qualities distinguished Farzana as one of our top-performing interns—a recognition reserved for those who consistently exceed expectations across both professional and role-specific benchmarks.

I am confident that Farzana will be a valuable asset to any organization and will continue to grow into an outstanding professional. I recommend them wholeheartedly and without hesitation. Should you require any further information, please do not hesitate to contact me directly.

Sincerely,

Mr. Harsa Dash
